Re: **Provider Portal – FOR IMMEDIATE DISTRIBUTION**

We are pleased to announce a new feature available to CBHNP Providers. This new feature is the Provider Portal which can currently be found on the CBHNP Provider website www.CBHNP.org.

Please distribute this information to those within your organization who rely on updates to stay current with CBHNP news.

The Provider Portal is a quick and efficient form of communication between CBHNP and all credentialed Providers. Some of the items you will be able to find in the Provider Portal are:

- All forms, policy, procedures and events that are tied to an individual Provider's services. In other words, only those items that pertain to a particular Provider will be communicated via the Portal to the Provider. Currently our Providers may have to do an extensive search through the main website to locate the information pertaining to their level of care. With the Provider Portal feature, this will eliminate the time spent searching for the needed data.
- When pertinent forms, policies and procedures are revised, an email is sent to the Providers registered to the Provider Portal rather than to the entire network of Providers. This information will be easily communicated to CBHNP Providers via the Provider Portal.
- Events may be placed on a Provider's outlook calendar automatically by clicking the events feature in the Portal.
- There will be a feature that will allow our Providers to easily register for upcoming meetings.

The following Instructions will assist Provider with registering for the Provider Portal.

HealthChoices Providers

Welcome to the HealthChoices Providers page!
This area of our website is designed to assist HealthChoices Providers in delivering the best care to our Members by offering the tools and information that is needed.

New Provider Portal
The Provider Portal is for providers to access the latest Events, News, Forms, Policies, Frequently Asked Questions, and the Contact information you need. This portal is for providers in the Capital Area (Cumberland, Dauphin, Lancaster, Lebanon and Perry Counties) and for the providers in the NorthCentral Area (Bedford/Somerset, Blair, Franklin/Fulton, and Lycoming/Clinton Counties) that participate in the HealthChoices program. If you haven't registered and received your password yet, **you may register here.**

Children's Outcomes Program
